Web Developer | AWS Certified Cloud Practitioner

PROFESSIONAL SUMMARY

- Experienced Front-end Developer with 2.5 years of expertise in web development. Proven track record of delivering high- quality, responsive web applications. Adept at utilizing HTML, CSS, JavaScript, Vue.js, and various front-end frameworks to create seamless user experiences. Strong problem-solving skills with a focus on real-time troubleshooting.
- Developed and maintained responsive web applications using **HTML5, CSS, Vue.js, and JavaScript**.
- Developed a **dynamic Kanban board application** using Vue.js, leveraging the Vue Draggable library for seamless drag-and-drop functionality and NPM modules for enhanced features and modular architecture.
- Implemented Bootstrap4 for consistent styling and improved user interface across platforms.
- Utilized JavaScript and ES6 for dynamic and interactive frontend functionalities.
- Collaborated with cross-functional teams to design and implement user interfaces for various projects.
- Delivered advanced features such as audio and video recording for enhanced user interaction, priority-based folder structures, and dynamic email filtering mechanisms.
- Delivered scalable and secure cloud-based applications, including file storage systems with real-time collaboration features.
- Conducted real-time troubleshooting to identify and resolve issues, ensuring smooth user experiences.
- Skilled in creating reusable UI components and scalable designs, ensuring code maintainability and application scalability.
- Skilled in Vue.js for building interactive websites.
- Strong command of modern JavaScript paradigms, including ES6+ features, to build dynamic and efficient web applications.
- Adept at troubleshooting and resolving real-time application issues, ensuring seamless user experiences and operational efficiency.
- Can create reusable parts for websites, making them easier to manage.
- Connects websites to databases and other services to get or send data.
- Good at fixing problems and working with others to finish projects on time.

SKILLS

Programming Languages	Python, SQL
Web Technologies	HTML, CSS, JavaScript, Vue.js, TypeScript, Nuxt.js, React JS, Node JS
Cloud Technologies	AWS
Databases	Microsoft SQL server
Data Packages	Vue components, NPM modules, NumPy, Pandas
IDE/Tools	PyCharm, VSCode, Jupiter Notebook
Operating System	Windows, Linux, UNIX

Methodology	Agile, Waterfall
Other Tools	GIT, GitHub/GitLab, JIRA

CERTIFICATIONS

- **AWS** Certified Cloud Practitioner
- Certified **VUE** Developer

WORK EXPERIENCE

Software Engineer II - *Mantra Technologies*

Project : **Teams.cc**

Hyderabad, India
May 2021 to sep 2023

Project Overview:

Teams.cc is a chat application which transforms the way your team collaborates with unlimited team messaging, secure file-sharing, channel management, in-app video calling, and powerful productivity tools under one platform. Key Activities Performed:
